## This year's pension increase

The annual increase to your Local Government and State pension is based on the Consumer Price Index (CPI) as at 30th September from the preceding year and will be payable from 6th April 2015.

Your pension will be increased if you:

- are aged 55 or over
- or are receiving a spouse's, beneficiary's, or child's pension
- or retired on ill health grounds

If you do not fall into one of these groups, your pension will still attract the increase, but it will not be paid until your 55th birthday.

### This year, your pension will increase by 1.2%

If your pension began after 21st April 2014 then you will receive a proportion of these benefits depending on the date you retired.

If you are receiving a pension and have reached State Pension Age the full increase may not be paid by the Pension Fund, some of it will be paid by the Department for Works and Pensions in the form of an increase to your Basic State Pension. This will be equal to the full increase.

## Your P60 and Payslips

Your P60 Certificate will be sent to you in May this year and provides a summary of the pension you have received and tax paid for the year, up to 5th April 2015. Your P60 includes information which is required by HMRC, called the Lifetime Allowance.

The Lifetime Allowance is a limit on the value of all of your pension benefits before incurring excess tax charges. The limit for 2014/2015 is £1.25 million, your Lifetime Allowance figure can be found on your P60 Certificate, and is based on your Local Government pension benefits and does not include any other pensions in payment.

Please note that members who retired before 6 April 2006 will have a blank entry on the P60 Certificate, as this is not required by HMRC.

It is important that you keep your P60 certificate safe as you may need to refer to it in the future.

*You will receive a monthly pay-slip if your net pension changes by more than £1 from the previous month, so usually you will only receive a pay-slip in March, April and May of each year.*

Rhondda Cynon Taf Pension Fund's involvement in this exercise helps detect fraud and corruption, and we have a legal duty to protect public money. As part of this initiative public agencies are allowed to share this information.

Do not be alarmed if you receive a request for information as it may be an inconsistency that requires further clarification.

If you are claiming any sort of benefit, for example housing benefit, you need to disclose your pension payments, including ill health pensions from the Local Government Pension Scheme.
